Future-Proofing Your Business

Prepare Your Business for Tomorrow, Today

Before his 40th birthday, Troy Hazard had already bought, scaled, and sold more businesses than most entrepreneurs will in a lifetime. Having navigated five major economic downturns and countless real-world challenges, he has transformed those experiences into practical strategies that drive measurable results.

In this high-impact presentation, Troy shares insights that have engaged audiences in 26 countries and inspired his Amazon bestselling business book, Future-Proofing Your Business.

Drawing on his journey as an entrepreneur and advisor to some of the world's leading brands, Troy embraces a simple but powerful philosophy: Success comes down to three things — Vision, Influence, and Execution.

Through compelling stories and proven frameworks, he guides participants to uncover the unique opportunities hidden within adversity and change. Attendees will leave with practical ideas and leadership tools they can apply immediately.

He will show you:

- How to take lessons from the past and apply them to the present to protect the future.
- Why clarity of Vision is key to identifying opportunities within obstacles.
- How Influence is not just an action — it's a consciousness.
- How to embrace evolution to drive Execution.

This is more than a keynote, it's a street-smart, real-world blueprint for preparing your business for tomorrow, today.
